Explanations	

Our fiber production capacity, which was 352.177 tons / year, was updated to 330.150 tons / year with the deactivation of some inefficient machinery lines as a result of the effort to creation an optimum production line.

In the capacity utilization rates calculation for 2020 and after, the total capacity will be considered as 330 thousand tons/ year.

Submitted to the public information.

Yours Respectfully
